## 911 Center, EMA Sign Lease

On Tuesday, the Licking County Commissioners signed a lease on 8,500 sq. ft. of office space at the Port Authority's Aerospace Center Base Campus. The future location for the Licking County Regional 911 Center and Licking County Emergency Management is a natural fit given the 55-year history of national security workload at the Aerospace Center.

## Women in STEM Focus Continues

The Port Authority has invested more than \$250,000 in STEM learning efforts in Licking County. That investment includes sponsorship of a monthly feature in The Advocate's Business Advocate publication which spotlights role models for women in STEM careers.

## Pavement Temperature Watching

When the Port Authority's on-site weather station reports pavement temperature readings below 32 degrees, conditions are ripe for icing on the property. The Weather Station capability has been in place for more than a dozen years and is shared for Port Authority personnel, snow vendors, and on-site personnel join in pavement temperature watching with a purpose—safety.
