## A Futuristic View of Aerospace Center

The Port Authority unveiled renderings showing a futuristic possible look of the Aerospace Center. At a Master Plan review session yesterday, the plans were shown alongside the 2011 Update to the Port Authority's 10-Year Capital Plan. Find the plan summary and a link to a *YouTube* video online.

## Horton Building Progresses

This week, brick work on the north face of the new building was revealed to the World. The red brick is manufactured in Licking County at Bowerston Shale. Be sure to see the latest postings from the Port Authority's project managers for the building project at our special Facebook page.

## Give us 30 Seconds of Your Time

Web 2.0 is here! The former onthebase.com website has evolved into an online Message Center integrated with Lobby Message Center at the Port Authority offices. Soon, these will also be integrated with other on-site message boards. In 30 seconds, one scrolls through a five-panel rotating message slider with a quick glance at on-site weather, the day's marquee message, the latest PSA announcement, a view of the last ProjectCam image, and our latest Twitter message. It scrolls through in 30 seconds.
