Sunday is STEM Industry Day

A 50th Anniversary celebration event for the Aerospace Center takes place on Sunday, March 11 from Noon to 3 p.m. with Air Force, Bionetics, Boeing, Goodrich, NARFE, and Port Authority officials on hand to show, hands-on, the way science, technology, engineering, and math (STEM) skills are used at the base. It also doubles as a chance to re-live 50 years of history. Plus, weather-permitting, there will be opportunities to glide on a Segway through downtown Newark! This event is free to Aerospace Center employees, retirees, and their families.

Time to RSVP For Energy Summit

Manufacturing fuels energy. Energy fuels manufacturing. The energy boom coming to Ohio and the nation is already showing its potential to fuel a manufacturing renaissance. The Port Authority, Southgate Corporation, COTC/OSU-N, and others are joining forces to host the Licking County Energy Summit designed to explore the opportunities for a long-term, sustainable economic benefits from the national energy boom.
