20,000 s.f. Spec Building Proposed

Sparked by a growing interest for smaller, industrial buildings in the Central Ohio market, the Port Authority is entering the final stages of approval to move forward with a 20,000 sq. ft. spec building that would be

built and become available in 2015. The Aerospace Center campus has seen three spec buildings in three years built starting with the Horton Building which opened in 2011 and two Southgate Corporation buildings in 2013 and 2014.

Project Prepare Boosts Manufacturing

Manufacturing has never not been an important part of the Licking County economy for more than 150 years. A modern reminder comes from Workonomics and the Licking County Chamber of Commerce as part of a grassroots effort to boost manufacturing careers in Licking County.
