\$25 Million Investment in 2015

The Port Authority Facebook page tells the story, with an infographic, of 14 projects that add up to \$25 million in capital investment on the Aerospace Center campus in 2015. A launch of the cleanroom laboratory by Chromocare, opening of the new Aerospace Drive bridge, and construction of Southgate's latest 50,000 s.f. spec building are highlights.

STEM Award Recognition

On behalf of the Port Authority, CEO Rick Platt accepted the STEM Business of the Year award from the Licking County Chamber of Commerce recently. The award was in recognition of the Port Authority's advocacy and support for STEM careers in Licking County. The Port Authority is among the largest funders and backers of the STEM @The Works initiative as well as sponsor of the "Women in STEM" feature in the *Business Advocate*.

20,000 s.f. Spec Building Update

The new 20,000 s.f. industrial building being built at the corner of James Parkway and International Drive is taking shape with steel going up right now. The building represents the only one of its kind in Central Ohio—a modern building geared toward

manufacturing with a truck dock, drive-in door, and 24' clear heights inside. The main value? The building gives a company access to that great Licking County workforce.
