

8,500+/- S.F. FLEX SPACE

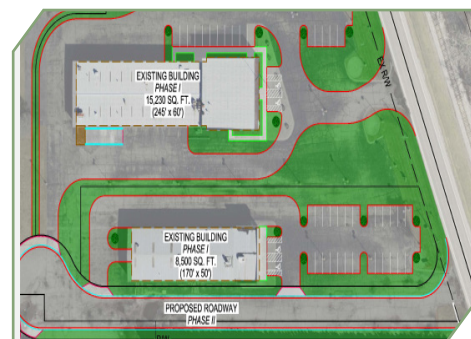

STEMFlex® Space

STEMFlex® Building: A 8,500+/- sq. ft. industrial building at 1401 Mount Vernon Road, Newark is a flex space building redeveloped and ready for 2Q 2024 occupancy. The office/production area mix is flexible space. The building complex supports up over 70,000 sq. ft. of overall building space. The concept, STEMFlex®, is a focus on attracting STEM-skilled industry.

Groundwork and building improvements are expected to be complete 2Q 2024. Tax incentives are in place for speculative development.

Small Business Solution: The Port Authority provides a full-cycle approach to solving small business needs by connecting companies with community resources and solutions. The small business-oriented site is near operations for critical manufacturers in the largest manufacturing corridor in Central Ohio at Newark to I-70 as well as 30 minutes from the Intel Ohio One site under development.

Capabilities: The site is fully served. The building is expandable and supports a parking area larger than typically expected for a building of this size.
