

BUILDING 106

4,500 sq. ft. Manufacturing Space

Small Business Ready: Building 106 is available October 1, 2024. The building at 811 Irving Wick Drive is well-suited for light industrial space with drive-in door access. The building includes an office suite, restrooms, and open floor plan production space. The building has had clean former uses having served as a facility for maintaining technical orders for the U.S. Air Force and as a micro brewery,

In Good Company: The location is adjacent to operations for the U.S. Air Force, Boeing, and Behr Paint on a 350 acre campus.

Amenities: Parking is available just outside the building for employees and visitors alike. A 3,800+/- sq. ft. fenced area is able to be included for employee break area. Access to a nearby 24/7 coworking space is also available for large meeting use.
